- Length Overall (LOA): **7.88m**
- Beam: **2.46m**
- Engine: **Volvo Penta D3 220**
- Seating Capacity: **6-7**
- Hours: **234**

Sharing the same hull design as the highly regarded and near-legendary Windy 25 Mirage, the Windy 26 builds on an already proven formula, offering an impressive combination of performance, comfort and practicality.

This example benefits from a number of refinements, including an easier-to-operate canopy system, re-profiled dashboard, thoughtfully designed cabin and additional under-deck fender storage.

Powered by Volvo Penta's 220hp D3 diesel engine, she offers exhilarating performance, with a top speed of close to 40 knots and a comfortable cruising speed of around 24 knots. Despite her performance, the D3 delivers impressive efficiency.

Well-equipped for both day cruising and longer trips, she benefits from a comprehensive specification including a bow thruster, holding tank, Raymarine chartplotter, electric windlass and shore power.

Presented in excellent specification this Windy 26 represents an excellent opportunity to acquire a highly capable and beautifully finished Scandinavian sports cruiser.
